EXTENDED ORGANIZING COMMITTEE

ALACAT has celebrated six annual Congress editions in Spain, including the last one in 2023 in Barcelona, performing on the 25th anniversary of "Salón Internacional de la Logística" (SIL).

These successful experiences have consolidated the relationship between ALACAT and the logistics institutions of Spain. Enhancing the choice of Madrid as our following host city. .

The close collaboration between **ALACAT** and **Foro MADCargo**, led both entities to sign a mutual agreement of cooperation to promote the air traffic of goods by the **Madrid's Airport** as **hub global logistics**. This agreement stands out the importance of strengthening the air connections and optimize the logistics operations of the region.

Madrid was chosen as the host city to reaffirm the ALACAT commitment with **innovation and development in the logistics area**, considering the strategic location and the ability of the city to connect continents and markets.

- 01 STRATEGIC CONNECTIONS**

Madrid is settled as a connecting point between Europe and Latin America, easing the efficient flow of goods and enhancing the commercial relations between both regions.
- 02 ADVANCED STRUCTURE**

The city offers modern facilities capable to host an event of this magnitude. Having all the necessary amenities for an international conference.
- 03 ACCESS TO THE MAIN LOGISTICS HUBS**

The proximity from Madrid to important logistic centers and its excellent connection with other strategic points of Europe and Latin America make the city a great place to argue about logistics and transport.
- 04 INSTITUTIONAL SUPPORT**

The backup of organizations as **Foro MADCargo** and the interests from the local government to promote logistics and the international commerce contribute to a successful organization.
- 05 INTERNATIONAL ATTRACTION**

Madrid is one of the cities that lours visitants from all around the world, which increases the visibility and the prestige of the congress, it also provides an attractive environment for participants.

The congress will discuss key subjects about the logistics integration between **Spain, Latin America and Asia**, exploring so the intercontinental business opportunities and the daily challenges in the **logistics**.
